**Lonely Planet Discover Ireland (Travel Guide)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Discover Ireland (Travel Guide):

0 of 0 people found the following review helpful. Good book for country, except...By LRogersI compared our experience in Ireland with all the travel books, and this one is clearly the best one as it gives accurate information about the country. I don't rely on it for accommodations as it's not geared for where we like to stay. Otherwise, good

book.0 of 0 people found the following review helpful. I was disappointed in the format and content of this guidebook.  
By CustomerI was disappointed in the format and content of this guidebook. It was extremely difficult to find info on the cities/towns we were travelling to based on the formatting of the book. And the information that was provided was not extremely helpful either. No info on whether or not there were entry fees for some attractions, no hours/days of operations on many others. And the space allotted for lodging and pubs was a waste. There are so many pubs and BBs that any attempt to isolate one or two was not helpful.

Where's Limerick?  
By DeliriumWas very hopeful for this guide, however, very disappointed. The book misses out on some great sights and even excludes Limerick, Ireland's third largest city. I mean seriously, not even mentioned. I ended up using Ireland Step By Step provided by our touring company and was very pleased.

Lonely Planet: The world's leading travel guide publisher Lonely Planet's Discover Ireland is your passport to all the most relevant and up-to-date advice on what to see, what to skip, and what hidden discoveries await you.
