Lonely Planet, Steve Fallon, Emilie Filou, Damian Harper, Vesna Maric, Sally Schafer : Lonely Planet Discover London (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Discover London (Travel Guide):

0 of 0 people found the following review helpful. Useful but needs updatingBy JonathanThis guide's strong highlights supported a June 2014 visit, but although it was dated May 2014, there were still references to the "future 2012 Olympics" and other coming-soon's now past. For example, the listing for Greenwich's National Maritime Museum

recommends seeing Shackleton's boat, but as I discovered, that hasn't been on display for two years. Overall, a good high-level pocket guide to London. 1 of 1 people found the following review helpful. InformativeBy YinnieGreat book for my trip to London. Information is clearly laid out. My only negative is that the book is a big big for me. I would have preferred a small, pocket size. But I could not find one that had as much content. I guess you can't have it all. 0 of 0 people found the following review helpful. Great city guide for London - large enough to cover ...By LeighGreat city guide for London - large enough to cover all of the big attractions and offer multiple restaurant reviews, but small enough to carry around in my purse while sightseeing.

Lonely Planet: The world's leading travel guide publisher Lonely Planet Discover London is your passport to all the most relevant and up-to-date advice on what to see, what to skip, and what hidden discoveries await you. Pop into a pub for good cheer and a pint of beer, let a Yeoman Warder regale you with medieval tales at the Tower of London, or soak up Westminster Abbey's sublime stonework; all with your trusted travel companion.
