Lonely Planet : Lonely Planet Discover Portugal (Travel Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Discover Portugal (Travel Guide):

0 of 0 people found the following review helpful. Skip this one. By GAn attractively designed if not particularly useful book. It's particularly bad in cross references. An item in the text will refer you to a map. The map has numbered icons, but no key to what those numbered icons are. Rather lacking in practical, logistical information. A bit disappointing overall.
