I bought it in the interactive addition as well (kindle). The book is a must.. as often you will be without wifi. We used the itineraries and suggestions for navigating the long lines. # 1 tip, go early to any site. #2. If you are in Rome for three days, at least buy the Roma Pass, which you can pick up at the

airport, Roma Termini and I am sure other sites. If you want to by-pass some lines.. Buy Omnia-Roma Pass. A little more difficult to pickup, but well worth it to by pass the Vatican lines.1 of 1 people found the following review helpful. Excellent guide to the Eternal CityBy Heather SimpsonAs a first time visitor to Rome I did not know where to start so the book was very helpful. I was able to find my way around and I learned a lot about the places that I saw. I liked the suggestions for top places to see as like most people I did not have enough time in Rome.0 of 0 people found the following review helpful. the best guide to all of RomeBy Gabrielle La Portathis was a great book to carry in our backpack and had lots of great advice on the things to see in Rome.
