Ryan Ver Berkmoes, Damien Simonis, Sally O'Brien, Kerry Christiani, Nicola Williams : Lonely Planet Discover Switzerland (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Discover Switzerland (Travel Guide):

1 of 1 people found the following review helpful. Great addition to the Lonely Planet Discover series.By P GarciaThis is a great Switzerland version of the Lonely Planet Discover series. It lives up to the standards of previous books in the series that I've used on previous trips in regards to suggesting important major landmarks and attractions to check out,

etc. The only reason I did not give it 5 stars is because I felt like it did not cover Zurich as much as I feel like it should have, given that Zurich is a major city in Switzerland. For example, the map included for Zurich in the book did not cover all of the neighborhoods they described in the text (i.e. the hipster/young/night life neighborhoods behind the major train station). So it was a bit of hassle to find another map to carry around and figure out what areas the book was talking about on another map. Otherwise, this book was great for figuring out what lakes to check out, what areas of the Alps to hike, and small towns to visit. 3 of 4 people found the following review helpful. Lonely Planet does it again. By Michael! This lonely planet book is very useful and full of tips and facts. Couldn't have planned my trip to Switzerland without it! 2 of 3 people found the following review helpful. Worth the Money By Bob Book has plenty of info and is helping with planning trip! True test will be when I am in Switzerland putting it to use I guess.

Lonely Planet: The world's leading travel guide publisher Lonely Planet Discover Switzerland is your passport to all the most relevant and up-to-date advice on what to see, what to skip, and what hidden discoveries await you. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' - Fairfax Media (Australia)

About the Author Ryan grew up in Santa Cruz, California, which he left at age 17 for college in the Midwest, where he first discovered snow. All joy of this novelty soon wore off. His first job was in Chicago at a small muckraking publication where he had the impressive title of Managing Editor because he was second on a two-person editorial staff and the first person was called Editor. After a year of 60-hour weeks, Ryan took his first trip to Europe, which lasted for seven months and confirmed his long-suspected wanderlust. Since then his byline has appeared in scores of publications and he has covered everything from wars to bars. He definitely prefers the latter. He wrote Lonely Planet's Chicago and Moscow, co-wrote Texas, Canada and Western Europe, and coordinated Russia, Ukraine Belarus, Great Lakes, Out to Eat - London, Netherlands, and Britain. In the future, Ryan hopes to add more warm-weather destinations to this list, although covering places filled with pubs is a novelty that never wears out. He currently lives in San Francisco and works as author liaison manager at Lonely Planet's Oakland office.
