Good, clear maps, lots of recommendations, travel tips and background information for the various areas of the city. 1 of 1 people found the following review helpful. Perfect book series for visiting another country By Terra Delano Perfect book series for visiting another

country. I cannot say enough good things about these books, we purchased them for Dublin, London, Rome, and Venice and they were infinitely helpful. Do not balk at the price, they are worth every penny. We had limited internet so navigation would have been extremely difficult otherwise 2 of 2 people found the following review helpful. Excellent Travel Guide By Thomas O Barker I loved this book. I used it for my week long trip to Dublin in June. All of the recommendations were excellent and I knew a lot of history of the places I visited. I would highly recommend this travel book to anyone going to Dublin for a day or a month!!
