Neil Wilson : Lonely Planet Edinburgh (City Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Edinburgh (City Guide):

4 of 4 people found the following review helpful. helpful guidebookBy StephjvThis book provided a good introduction to the city of Edinburgh, though the part I used the most and found most helpful was the map section in the back. The maps are very detailed and were extremely useful to me as I navigated the streets of the city.

With a brooding castle at one end and the new Scottish Parliament at the other, Edinburgh's Royal Mile is a walk through Scottish history. But no museum city this: the nonstop nightlife, cutting-edge shopping and packed festival programme makes Auld Reekie a compelling destination year round. Is it all fur coat and nae knickers? Why don't you find out! Explore – inspirational walking tours and full color maps guide you through Edinburgh's winding streets and hidden corners Festival City – from jazz and blues to Hogmanay and the Fringe, our resident author explores Edinburgh's festival calendar Eat, Drink Be Merry – discerning reviews track down the city's finest eateries, coolest bars and good old-fashioned pubs Sleep In Style – friendly hostels, charming BBs, boutique hotels and romantic hideaways: the pick of Edinburgh's accommodation Detailed Day Trips – go further with excursions to Glasgow, Stirling and St Andrews

...for the adventurous traveler who wants to live like a native.' --Real Simple Magazine, June 2005
