**Lonely Planet, David Else, Oliver Berry, Fionn Davenport, Marc Di Duca, Belinda Dixon, Damian Harper, Anna Kaminski, Catherine Le Nevez, Neil Wilson : Lonely Planet England (Travel Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet England (Travel Guide):

14 of 14 people found the following review helpful. The formatting is horrible for the Kindle version By MTI've loved the Lonely Planet series of travel guides for a long time, but find the tiered "table of contents" format in the Kindle

version truly obnoxious to navigate when you're looking for specific information. I'd give the guide five stars if the publisher can resolve the issue! (That is, make section headings and sub-heading and sub-sub-headings visible in the Table of Contents section so that you can immediately select the section you'd like to go to.)5 of 5 people found the following review helpful. Good book, terrible downloaded to iPadBy Debbief you have an iPad or tablet, don't get this book. Content is very helpful, but it is driving me crazy. No detailed table of contents to go back and find info while you are traveling. Takes me forever to turn page by page just to find a restaurant in the part of the city I am in that day or details on sites I want to see. Unfortunate. I usually get the real book and can easily flip to the appropriate section and find information I need. Too much trouble to go through the book and bookmark everything you may need.0 of 0 people found the following review helpful. Ah, the dream!By DinkydorightI intend to revisit Great Britain in 2016 and have benefited from previous Lonely Planet books. This one is no exception. I can find all the little villages I want to see. I'll buy another closer to my visit but to sit in a comfy chair and mark my choices is great. A recent purchase from UK is ITV's "Robson Green's Adventures in Northumberland" dvd. I loved watching that and then checking out what interested me in this Lonely Planet. Yes, Rick Steves' travel books are a great resource too, but second to anything from Lonely Planet. And this one is perfect to create my plan to return.

Lonely Planet: The world's leading travel guide publisherLonely Planet England is your passport to all the most relevant and up-to-date advice on what to see, what to skip, and what hidden discoveries await you. Seek out a guide lead you through the Tower of London, ponder the mysteries of Stonehenge, or sit back in a centuries-old pub with a traditional beer; all with your trusted travel companion. Lonely Planet's mission is to enable curious travellers to experience the world and to truly get to the heart of the places they find themselves in.

About the AuthorAs a full-time professional travel writer, David has authored more than 20 books, including Lonely Planet's guides to Great Britain and Walking in Britain. His knowledge of England comes from a lifetime of travel around the country (often on foot or by bike), a passion dating from university years, when heading for the hills was always more attractive than visiting the library. Originally from London, David has lived in Yorkshire and Derbyshire, and is currently based on the southern edge of the Cotswolds. For those interested in domestic matters: David is married with two young children, who already find themselves on the back of their dad's tandem whenever the sun shines.
