**Lonely Planet, Brandon Presser, Mark Baker, Peter Dragicevich, Simon Richmond, Andy Symington : Lonely Planet Estonia, Latvia Lithuania (Travel Guide)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Estonia, Latvia Lithuania (Travel Guide):

Just an excellent guide By Michael Abare A couple months ago, I made a plan to spend 8 days between Helsinki and the Baltic States and this guide couldn't have been any better. I now feel like I could have spent a week or two in each of them with all the various gems they described. I especially

enjoyed their historical perspective in each country and how they enabled me to make a doc that I was able to check with friends. Really excited for this trip and would recommend this guide to anyone. 0 of 0 people found the following review helpful. Dependable Guide By D. Christiansen A personal must have for scouting out a country/city before travel. Sure internet information is more timely but I like the feel of a book in my hand and the reminder of trips past looking at the spines of the book on my travel shelf. 0 of 0 people found the following review helpful. Good Info, but Not enough By Nisa While still helpful, this book did not break down the information by country and I was only interested in the information on Tallinn. It also would have been helpful to include walking distances from the ferries to old town or the costs of taxis, etc. as has been done in other lonely planet guides. Not every traveler is coming in by plane. Ferries from Helsinki are another viable option.
