Lonely Planet : Lonely Planet Fast Talk Italian (Phrasebook) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Fast Talk Italian (Phrasebook):

I wouldn't rely on it solely by any means, but it would definitely be easy to carry in a pocket. I've included a photo comparing it to Rick Steves' Italian phrase book so you'll know exactly how tiny it is. The price difference was only \$3--I personally would rather pay that much more for a more comprehensive phrase

book than pay \$6 for what's little more than a pamphlet. 15 of 15 people found the following review helpful. Great Resource

This book will not have you fluent in Italian, but it is just what is needed to communicate in hotels, restaurants, tourist attractions and taxis. Small enough to carry with you without being a burden.

By Jules
Great little pocket guide. I moved to Italy and didn't leave home without this for the first few months. Very easy to read, like the italicized pronunciation. All the conversation essentials.
