Lonely Planet; Andy Symington; Catherine Le Nevez; : Lonely Planet Finland (Travel Guide) by Lonely Planet (2015-06-01) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Finland (Travel Guide) by Lonely Planet (2015-06-01):

2 of 2 people found the following review helpful. Helpful GuideBy Linda LeeThis is a very simple guide in comparison with earlier Lonely Planet Guides. Lots of information about where to eat, less on where to stay and not that much on walking tours etc which usually are included for the bigger cities in a country. There was not a section on the language - not even on how to say "hallo" and "goodbye" in Finnish. I think the guide would be helpful for my visit but not as helpful as I am used to expect from Lonely Planet books.3 of 3 people found the following review helpful. Good info but the print is too small.By Judy ScottGood information but the print is so small that anyone over 45 would need a magnifying glass. I'd like more pictures.1 of 1 people found the following review helpful. Companion book for reference to cities in FinlandBy Lisa ParlasI like this book. Good book to read before a trip to Finland. Also to bring along as a companion to read on transportation. Informative of cities and customs in Finland. I put sticky notes on cities I planned to visit so I could reference them faster. The book is divided into sections of the country. The pages are in black- white and some blue.
