**David Else : Lonely Planet Great Britain** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Great Britain:

15 of 15 people found the following review helpful. Love it!! By CCMI just traveled all over Scotland, England, and Wales. I had no plan and really no places to stay. I used this book the whole time and it was absolutely amazing!!! I would recommend it to anyone and everyone. I have always been able to trust the Lonely Planet guide books. 0 of 0 people found the following review helpful. Just OK By David E This book is disappointing, given the print quality of

Lonely Planets. It is not easy to navigate, with no index and just general contents pages. There is decent basic information, but just not easy to get to and around. 0 of 0 people found the following review helpful. Lonely Planet has some of my favourite guides but this is not one. By Mrs M M Hetherington Lonely Planet has some of my favourite guides but this is not one. The lack of a good index is critical

“From the graceful architecture of Canterbury Cathedral to the soaring ramparts of Edinburgh Castle, via the mountains of Wales or the Roman ruins of Hadrian’s Wall, Britain’s endless variety is astounding.” – David Else, Lonely Planet Writer  
Our Promise You can trust our travel information because Lonely Planet authors visit the places we write about, each and every edition. We never accept freebies for positive coverage, and you can rely on us to tell it like we see it.
