**Lonely Planet, Abigail Blasi : Lonely Planet Malta Gozo (Travel Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Malta Gozo (Travel Guide):

0 of 0 people found the following review helpful. Content good; navigation inexcusably badBy Christy APro: Content is very useful, so for us it was worth getting.Con:1) No index!! That's inexcusable. And Search is NOT an adequate substitute:\* Search finds every occurrence, no matter how irrelevant. One needs to scroll scroll eventually find it - if

one hasn't given up after looking at dozens of items\* Search for Hagar Qim or some of the other very top attractions in the whole country- nothing comes up! Probably because they're spelled with special Maltese characters- which one can't type- so NO WAY to find it by search!2) No links in obvious places. E.G. from overall Valletta map to detailed maps. This is an ebook, not a PDF - Lonely Planet should put links EVERYWHERE they're useful0 of 0 people found the following review helpful. Basic Guide BookBy MichelleMNot a bad travel book, it's short, but then it's a small island. It's not a fancy, detailed guide but it'll do the trick. After reading the novel The Kapillan of Malta which is a great read for getting an overview of Maltese history, this should help guide me through our brief stay on the island.1 of 1 people found the following review helpful. More like 4.5 starsBy BetsyThe e-version is Incredibly well organized and it was so helpful in helping us decide what to see on what days. It is organized by areas of the island, which is really useful because you want to cover sights in the same area on the same day. The Lonely Planet guide really helped me plan my itinerary.

Lonely Planet: The world's leading travel guide publisher Lonely Planet Malta Gozo is your passport to all the most relevant and up-to-date advice on what to see, what to skip, and what hidden discoveries await you.
