Ryan Ver Berkmoes : Lonely Planet Moscow (Moscow, 1st Ed) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Moscow (Moscow, 1st Ed):

0 of 0 people found the following review helpful. Check your edition of bookBy connie taylorDidn't realize when I bought it that it was 13 years old. It was the 2000 version. Next time I'll check that out.33 of 37 people found the following review helpful. Truly a kit for travel survival !By Maurizio GiulianoMoscow is a wonderful city, and Russians are very hospitable people. But, when it boils down to getting around Moscow and trying to enjoy the city's

life, Moscow is not at all an easy city ! In fact it is one of the most difficult cities I know. Even for those like myself who speak Russian, it is not easy to get around by public transport, to find taxi drivers who won't cheat or even rob you, and to figure out what to do at night. Several years ago things used to be cheap, now they are expensive, and costs are another thing to watch out for - Moscow is probably the most expensive European city for tourists, almost au par with Tokyo ! All in all, Moscow is a huge unpredictable city, wonderful but dangerous and expensive. This great concise guide by Lonely Planet will truly provide some well-thought and well-researched advice on do's and dont's, some general tips as well as specific information on places to stay and eat, and a lot more. The maps are also great. By all means a great guide, so don't go to Moscow without it !16 of 16 people found the following review helpful. Mostly Accurate and DependableBy A CustomerI took this book with me to Moscow this summer. Except for prices and museum hours (which change rapidly), the guide was very accurate. It offers lots of great budget restaurants and shopping places. It has very clear and easy to follow maps of the center of Moscow. However, it has very poor, tiny, black and white maps (if any), of the outer sections of the city (Such as Sparrow Hills). If you plan to spend any time in the outer fringes of the city, you may want to consider purchasing an additional map. Overall, the guide was excellent and rarely left me stranded.

Moscow 1 offers advice on getting the most out of Moscow's art scene from the Bolshoi Ballet to the Pushkin Fine Arts Museum and Kremlin. The guide also includes a practical language section.

Nobody covers the world like Lonely Planet.' --New York Post, May 2004
