Duncan Garwood : Lonely Planet Naples the Amalfi Coast (City Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Naples the Amalfi Coast (City Guide):

I always trust Lonely PlanetBy CustomerHaving used a variety of guide books over the years, my husband and I have come to trust Lonely Planet the most. We are not young, nor wealthy; LP guides us to the best values and includes detailed information that helps us choose the activities that are just right for us.4 of 4 people found the following review helpful. LP guide takes a step forwardBy salieroIf this is

indicative of a "new look" Lonely Planet guide, then it is a wonderful step up. I have used LP guides for years, and always found them reliable, informative and occasionally nicely opinionated. However, there was a format change a couple of years ago I wasn't too pleased about, which somehow rendered the text less readable for "mature eyes" (lighter print?). This guide is fabulous. There are colour pics scattered throughout, the layout is attractive and clear, and the information as good as ever. There has been some criticism that LP are now aiming at the "flashpacker" market, and leaving behind the budget traveller. Perhaps. But while appealing to the more experienced independent traveller, there are still the budget sleep and eat recommendations, and lots of info for the younger, party-searching traveller. The only niggling thing I don't like about LP guides is their maps. They are not street-indexed, and they don't mark all the streets. Don't rely on LP to get you about - you will need a stand-alone map, or if you are an Eyewitness Guide fan, try to fit both in your luggage, as Eyewitness do great maps. 2 of 2 people found the following review helpful. Amalfi coast coverage laughable By JAMES HOLLAND While the Naples section is more than adequate, Sorrento and south is woefully lacking. Little more than blurbs. Inexcusable considering the amazing beauty and power and history the area once had.

Discover Naples the Amalfi Coast Experience the dramatic Neapolitan combo of sweeping staircases, cultish shrines and bellowing baristi. Indulge the city's bacchanalian bent for high-voltage street life, thunderous opera and sweat-soaked dance floors. Explore secret ruins and sub-merged mosaics in Campi Flegrei. Leave the beach behind and traverse Sorrento's unspoiled rural hinterland. In This Guide Two expert authors, four annual miracles, five spa treatments, seven interviews, 67 pizzas and 206 espressos. Expanded coverage of ancient sites Pompeii, Herculaneum, Paestrum and volatile Vesuvius. Book in and bed down at great-value accommodation along the Amalfi Coast.

Lonely Planet guidebooks are, quite simply, like no others.' --New York Times From the Publisher Who We Are At Lonely Planet, we see our job as inspiring and enabling travellers to connect with the world for their own benefit and for the benefit of the world at large. What We Do * We offer travellers the world's richest travel advice, informed by the collective wisdom of over 350 Lonely Planet authors living in 37 countries and fluent in 70 languages. * We are relentless in finding the special, the unique and the different for travellers wherever they are. * When we update our guidebooks, we check every listing, in person, every time. * We always offer the trusted filter for those who are curious, open minded and independent. * We challenge our growing community of travellers; leading debate and discussion about travel and the world. * We tell it like it is without fear or favor in service of the travellers; not clouded by any other motive. What We Believe We believe that travel leads to a deeper cultural understanding and compassion and therefore a better world.
