Lonely Planet, Andy Symington : Lonely Planet Pocket Algarve (Travel Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Pocket Algarve (Travel Guide):

0 of 0 people found the following review helpful. Burn your money in an ashtray, it will be better spent...By CustomerA complete waste of money. Totally useless, didn't even bother to bring it with me. Had to go back and order the Lonely Planet Algarve chapter online. If I could give the Pocket Algarve negative stars, I would; it's a waste paper and wouldn't be worth the cost if it were free.0 of 1 people found the following review helpful. Five StarsBy Teresa K.Great guides ..pocket sized..accurate information1 of 1 people found the following review helpful. Useful and

concise! By Hawkeye I purchased this useful and concise pocket guide to assist me in my travels to the Algarve last month which I had never been to before. The guide has much useful information in a 144 page booklet. It is well organized and easy to use. I appreciated the map on page 18 19 which reveals the regions of The Algarve. The book is organized into regions starting with the capital of the region Faro. The pull out map in the back cover is very useful in discovering small towns but does not show the national roads. It has an index that could be expanded. This book will accompany me again when I go to Portugal.

Lonely Planet: The world's leading travel guide publisher Lonely Planet Pocket Algarve is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you.
