Lonely Planet, Helena Smith : Lonely Planet Pocket Bruges Brussels (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Pocket Bruges Brussels (Travel Guide):

The structure of the book is not intuitive and kind of hard to follow if you want to get something quick. Besides, some information were so outdated, for example there is no longer bus service from Brussels to Bruges (train only).Anyway, I survived Belgium, but lonely planet didn't help much.0 of 0 people found the following review helpful. HandyBy A. VaughanI used this guide for research and while on vacation.

I appreciated the packable size of the book. I didn't end up using it too much because we had relatives showing us around but it was still good to have it on hand when we were on our own. 0 of 0 people found the following review helpful.
