My tip is to get your hotel very near a metro stop (along the line to Hethrow airport is ideal) and from there you can conveniently explore the city without needing a car.0 of 0 people found the following review helpful. Very HelpfulBy Char KingThe map is very useful. The descriptions of neighborhoods is also very useful. There are nice blurbs about what to do in each neighborhood, which is helpful for planning your days. There are also fun walks that are planned out for you, where to start and begin and

what to see along the way.0 of 0 people found the following review helpful. Three StarsBy Cliff Feldmangood
