After looking at different travel guides it did seem that they were the best value - ratings and price. Have been reading the guide and it is very detailed, good layout and has some good recommendations. The map included is also easy to read, very detailed, and folds up nice and small. Excited to put the information to use when I visit.2 of 2 people found the following review helpful. London Pocket GuideBy NanaHas good information. Not crazy about the format, but it is easy to carry with large

enough print for those of us who need that. Good map.1 of 1 people found the following review helpful. good travel guideBy Deborah SampsonA good pocket size guide giving all the necessary information. A great gift for any one travelling to the UK capital.
