Lonely Planet, Josephine Quintero : Lonely Planet Pocket Tenerife (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Pocket Tenerife (Travel Guide):

2 of 2 people found the following review helpful. Do NOT buy this book.By CustomerBooked a three week trip to Tenerife to explore the music scene. Now at the end of my second week, this week in Puerto de la Cruz, I learned through miles of walking and speaking with locals that 90% of the places suggested have either not had live music for years, closed down a long time ago, or never existed in the cities in which they were listed. No, the music scene does not start at midnight, they all close then unless you are talking about a really bad dj in a hotel or nightclub.0 of 0
