Not a Good Guide - Find Something ElseBy Jenna in BrooklynI've been using LP guides exclusively for a couple years now, and usually found them quite helpful, however I was extremely disappointed with the portugal guide that i used for a one week trip in early November 2014. A couple of my strongest gripes include:- No guide to the trams and trains in Lisbon and Porto. We had an extremely difficult time finding some of the pick up places.- No mention of the season-closure times for certain wine tasting places in Porto- Unhelpful map to navigate some of the smaller towns, including Evora.I do not recommend this guide. Ultimately, we had to resort to using our iphones/international data plans to find many of the places i expected to be able to find through the guide.0 of 0 people found the following review helpful.
