happen to prefer the European pronunciation and it has me more understandable to friends in Mozambique and Angola and Timor Leste. The Brazilian dialect has so much grammar and a type of syntax that isn't as universal around the lusosphere.0 of 0 people found the following review helpful. Portuguese is beyond hard to learn!By Howard Aldrichsmall and easy to carry whilst traveling. this is Portugal Portuguese and not Brazilian Portuguese: chose for the country you're visiting.0 of 0 people found the following review helpful. Travel DictionaryBy Loril would recommend this product to anyone traveling to Portugal. It was compact and easy to read and use. The small size fits into a large pocket.

Includes easy-to-use transliterations throughout, to help with difficult pronunciation; essential tips on local customs; an indispensable grammar section; a two-way dictionary; and a comprehensive food section.
