Nicola Williams : Lonely Planet Provence the Cote D'Azur before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Provence the Cote D'Azur:

0 of 0 people found the following review helpful. Useful but Limited By Masakazu Matsumoto While this book contains very useful information, it covers only major cities and tourist attractions while ignoring many beautiful villages and towns in the countryside. If your travels extend beyond the usual tourist sites, you'll want to explore other sources as well. 3 of 4 people found the following review helpful. not so useful in traveling with children. By Jane

LiebschutzI had taken out the prior version of this book from the library and was pleased to see that there was a 2007 updated version to read. However, in the prior version there was much more specifically directed toward traveling with kids. In this version, most of that was eliminated, and I was bummed not to have that pointed out. While the color pictures are beautiful in the front of the book, more maps and more detail about traveling would have been more useful to me, rather than looking at fields of lavender. I think a couple driving around for 3 weeks in Provence would have found it really useful. For our 1 week trip with three kids, I found I just didn't use the book very much. The information on internet cafes was very useful as was the entrance fee and time information to exhibits, etc. 0 of 1 people found the following review helpful. Nice and the French RivieraBy TracyNot impressed with this guide book. The authors give a brief synopsis of the travel locations and it is up to the reader to decide if they want to attend. I prefer to read an opinion of a hotel, restaurant, and tourist area rather than read a brief overview. I left my guide book in the hotel.

Discover Provence The Cote d'AzurSniff out fungus worth its weight in gold with a truffle dog in Avignon's forests. Learn how to choose the sweetest Cavaillon melon from the lively morning market. Fill your lungs cycling through lavender fields from Buoux to Saignon. Exfoliate like the stars with a diamond-dust massage in Monaco. In This Guide Two long-term, France-based authors, more than 1200 hours of on-the-road research, 63 detailed maps. Get active with extensive outdoor coverage from bird-watching to donkey rambling. Bursting with local interviews and brimming with insights on Provençal culture. You asked for it, we researched it - more of the region's best painting, cooking and French-language courses.

...Lonely Planet for honesty, history, irreverence and budget.' --EsquireFrom the PublisherWho We Are At Lonely Planet, we see our job as inspiring and enabling travellers to connect with the world for their own benefit and for the benefit of the world at large. What We Do * We offer travellers the world's richest travel advice, informed by the collective wisdom of over 350 Lonely Planet authors living in 37 countries and fluent in 70 languages. * We are relentless in finding the special, the unique and the different for travellers wherever they are. * When we update our guidebooks, we check every listing, in person, every time. * We always offer the trusted filter for those who are curious, open minded and independent. * We challenge our growing community of travellers; leading debate and discussion about travel and the world. * We tell it like it is without fear or favor in service of the travellers; not clouded by any other motive. What We Believe We believe that travel leads to a deeper cultural understanding and compassion and therefore a better world.
