**Paula Hardy : Lonely Planet Sardinia (Regional Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Sardinia (Regional Guide):

0 of 0 people found the following review helpful. Very helpful  
By W. Jessberger  
We spent a 2 week house exchange there and had opportunity to check out all of the island. It made our stay very memorable  
0 of 2 people found the following review helpful. The same quality as most lonely planet guides  
By HagIt  
It is very good for planing the trip, but non to follow word by word as places which get signed in the guide tend to rise prices (so you should chose hotels by

browsing in the internet)12 of 13 people found the following review helpful. Very well doneBy Jas BroI bought this book because the reviews about Rough Guide were pretty bad, and I must say Lonely Planet delivered once again. It's full of "local" tips that must have taken the author a very long time to put together.A few more mini-maps would save dozens of lines of directions to reach those hidden places, and would save the reader a lot of time on the road.We would also have done with a few more places to stay and eat, but locals are so welcoming that it was a joy to ask them.These shortcoming anyway don't even erode one star, as the guide is otherwise exceptional. We didn't need anything else.

Fiercely independent but unquestionably Italian, secluded Sardinia is at last revealing its secrets to the rest of the world. The unspoilt, idyllic beaches and jewel-coloured waters are offset by rugged mountains and lush valleys, the mysterious nuraghe towers by charming seaside towns. The island's culture is fascinating, the festivals delightful, the food mouth-watering...so jump in!Read Up – detailed history, culture and arts chapters put Sardinia's unique heritage in contextDine Out – extensive reviews track down unassuming local haunts and exclusive Sardinian institutionsSleep In Style – the best places to stay from medieval Alghero to the bustling port city of CagliariGet Active – the pick of the island's spectacular dive sites, mountain hikes in the Gennargentu, cycling routes and horse riding

...these smart and exhaustively researched guides have become the gold standard for serious, independent travelers.' -- San Francisco Chronicle
