than most, and it is easy to navigate. It takes up little space and is light. Glad I got it! 1 of 1 people found the following review helpful. Really useful product, was extremely helpful for my trip to ...By DC Really useful product, was extremely helpful for my trip to Cuba and I will hang onto it for future trips to Latin America! I loved the dictionary section, especially that it has subsections just for food words, English-to-Spanish, and Spanish-to-English. As always, Lonely Planet does an excellent job highlighting the key phrases you'll need in just about any situation. It's also the perfect size: easy to fit into a back pocket, a clutch, a purse, a backpack, etc. -- I was really glad I bought this for my trip! 1 of 1 people found the following review helpful. Spanish Phrasebook By Carolyn A. Swafford I purchased this for my granddaughter. The compact size makes it perfect for her purse, and she spends spare time reading it to increase her knowledge of Spanish. It is very user friendly, and is apparently effective. She has been speaking some Spanish for us, and yesterday was able to interpret the conversation of two strangers we encountered while shopping. Although she plans on taking Spanish courses, this book has really introduced her to more of the language than I had anticipated.
