Lonely Planet, Tom Masters, Simon Richmond : Lonely Planet St Petersburg (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet St Petersburg (Travel Guide):

0 of 0 people found the following review helpful. Complete enough for a 3-day stay - great on Kindle FireBy CustomerI loaded this guide onto my Kindle Fire. The double-click / spread-finger zoom works fine on the maps. Our

trip was to multiple cities, so getting kindle versions of this guide book and a few of the Rick Steves guidebooks gave us all the advantages of these guides without the bulk. The Lonely Planet guide took us to a couple of great restaurants and all of the key attractions in St Petersburg. With tips from this guidebook, and if you're brave enough to figure out the metro and/or deal with taxis, you really don't need a guide. Good guides certainly have their place for those who want background and history. However, we're a pretty independent family and we do some research on places before going, so we found no need for a Russian guide other than our Lonely Planet guidebook. The detailed tip on getting Hermitage tickets on line and COMPLETELY avoiding any lines was easily worth the price of the guide. Works like a charm in St. Petersburg -- you literally enter the museum through the guide's entry at the back of the museum where the busses park. You get your voucher approved at the guide check-in desk, and then (important step) you are directed to the head of the ticket line, where you pick up your tickets, and walk right in to the museum. We used the same tip for the Coliseum, Palatine Hill, Forum, and Vatican Museum tickets in Rome. Works great, only costs a couple of dollars more per ticket, and NO WAITING IN LINE, even in August! You just need access to a hotel or internet café computer, a web-mail account like gmail, and a printer for the voucher, or do it at home before you go. 0 of 0 people found the following review helpful. Five Stars By daisy r Thanks as promised 0 of 0 people found the following review helpful. Five Stars By SRExcellent
