Lonely Planet : Lonely Planet The Europe Book (General Pictorial) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet The Europe Book (General Pictorial):

4 of 4 people found the following review helpful. LP The Europe BookBy Kenneth M. HunterThis volume gives a good overview of the Continent by devoting at least 2 pages of info and pictures per country. The countries with larger populations and political power merit 6-8 pages. The photography is candid, giving glimpses of the places one would see if one visited them as a tourist. This can be invaluable regarding places that have been recently given negative press, to see the inhabitants of such places as being human above all else. The information given about each country is both informative and anecdotal, and can be considerably deep considering the concise nature of each country's coverage. Not meant to be used as a guidebook, it functions well as a coffee-table display book or as an introductory

tool to European travel for adults of all ages.0 of 0 people found the following review helpful. Book by its coverBy CustomerBetter than I expected ... I just took the paper cover off the front and it was a new book in my eyes0 of 0 people found the following review helpful. Informative, great picturesBy FluffsMomPurchased this book a few months ago and although I haven't read it all, I have read some entries. The book contains information (cuisine, history, customs, etc) on each european country as well as some beautiful pictures that make you want to hop on a plane and visit each and every single one,

Following in the theme of the bestselling The Travel Book comes The Europe Book, a focused celebration of the world's most culturally influential continent. It explores Europe in detail, and includes an evocative and in-depth look at each country. Full of arresting images and maps, this comprehensive coffee table book can also considered as an indispensable reference title.

About the AuthorLONELY PLANET aims to cater for every independent traveller, whatever the destination, whatever the style of travel and whatever the phase of the journey.
