Lonely Planet, Paula Hardy, Anthony Ham : Lonely Planet The Italian Lakes (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet The Italian Lakes (Travel Guide):

3 of 3 people found the following review helpful. Written by people with minimal travel experience and focuses on two lakes. Use Tripadvisor!By S. K. SchladowWe purchased this book for our visit to Trento, Lago di Garda , Lago Di Iseo, the lakes of the South Tyrol and Dolomites. It was hopeless! It is really aimed at Como and Maggiore and should

say so. It also had minimal information. The Michelin Italy guide was far far more useful. 2 of 2 people found the following review helpful. The Guide is a High Level Overview of the Region By Alvin Ziegler I was looking for specific things to explore in Salo, a popular area of Lake Garda, but could not locate any references by city. The way the information is laid out is not user friendly. You won't find a restaurant review for where you are staying, for instance, around Lake Garda. 4 of 4 people found the following review helpful. Not enough detail By Neena Too many locations are covered too superficially. Wanted maps and more information on Bellagio or Varena. Had to buy another guide book. Disappointed!

Lonely Planet: The world's leading travel guide publisher Lonely Planet The Italian Lakes is your passport to all the most relevant and up-to-date advice on what to see, what to skip, and what hidden discoveries await you.
