Mark Dubin : Lonely Planet Trekking in Spain (Lonely Planet Walking Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Trekking in Spain (Lonely Planet Walking Guide):

By Frank Eichenlaub "Trekking in Spain" is the first edition of at least three editions of Lonely Planet's walking guides to Spain. Historically interesting as it details some interesting walks but is woefully out of date. Look for the third edition instead titled "Hiking in Spain."

Aimed at both overnight trekkers and day hikers, this new book emphasizes Spain's high-quality paths and excellent amenities for hikers and includes useful maps and full details on the most beautiful and unspoiled areas of Spain-- Andalusia, Castille, the high Pyrenees, Picos de Europa, and Mallorca.
