Neal Bedford : Lonely Planet Vienna (City Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Vienna (City Guide):

0 of 0 people found the following review helpful. Excellent source on ViennaBy Chimurenga BoyI've used this guide on at least 9 or 10 trips to Vienna over the past 4 years. I think it's an excellent "first level" source on the main sights and features of Vienna and I have re-read it many times to continually discover new tips and insights. It is also a good source for day trips out of Vienna and has an excellent selection of maps. The book is light and easy to carry around so

lends itself to convenient and frequent use.0 of 1 people found the following review helpful. Not up to snuffBy Nan Crystal ArensI read some of the other reviews of this book that were not very positive and thought, "how bad can it be, it's Lonely Planet?" I've been traveling with Lonely Planet for over a decade now and have never been disappointed...until now. While I'm sure that for some of LP's audience knowing which nightclubs is the best may be essential information, that's not me. And the air of contempt with which the author talked about the sights I was interested in was a real turn off. The "local perspective" sections seemed negative and condescending. And, after a while, I got tired of the repeated references to dog poop. BTW I was in Vienna for 10 days and only saw one pile. This book seemed designed to discourage me from visiting. Fire this guy LP. Rick Steves did a much better job on this city.0 of 0 people found the following review helpful. viennaBy Casey BradleyThis was a gift for my father, who is planning a trip to Vienna in the fall. He loved the gift and is looking forward to the trip in the fall.

Let us introduce you to Vienna, the Lonely Planet way. We'll show you magnificent baroque palaces, but also lead you through the city's most atmospheric hidden alleyways. We'll bring you Mozart in the Staatsoper but also give you the rundown on Viennese electronica, and we'll serve you traditional coffee-house culture but also guide you to vineyard-studded hills where you can drink young wine under the trees. Whichever Vienna you want, you'll find it in this guide. Get The Inside Story with our resident author's top tips and favorite places, and interviews with local experts. Choose Your Poison - Vienna's famed coffee houses, traditional wine taverns, and kicking DJ bars are all covered. Get Off The Beaten Track with walking and cycling tours through charming neighborhoods and out into the Vienna Woods. Go Beyond Schnitzel and discover modern Viennese cuisine with our switched-on take on the city's dining scene.

...Lonely Planet for honesty, history, irreverence and budget.' --EsquireFrom the PublisherWho We Are At Lonely Planet, we see our job as inspiring and enabling travellers to connect with the world for their own benefit and for the benefit of the world at large. What We Do * We offer travellers the world's richest travel advice, informed by the collective wisdom of over 350 Lonely Planet authors living in 37 countries and fluent in 70 languages. * We are relentless in finding the special, the unique and the different for travellers wherever they are. * When we update our guidebooks, we check every listing, in person, every time. * We always offer the trusted filter for those who are curious, open minded and independent. * We challenge our growing community of travellers; leading debate and discussion about travel and the world. * We tell it like it is without fear or favor in service of the travellers; not clouded by any other motive. What We Believe We believe that travel leads to a deeper cultural understanding and compassion and therefore a better world.
