**From Gestalten : LOST iN London: A City Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised LOST iN London: A City Guide:

A Michelin-starred pub, a secret bar behind a blue door, a book club wired with a massive sound system, a quiet green hill for gazing at the city's skyline and a restaurant above the clouds... Get lost in London. Getting lost in the city is not about throwing away the map. It's about surrendering yourself to the essence of the place. The sights, smells, flavours and sounds that make it unique. The photography, the art, the creativity that provide its individual inspiration.

Getting lost is diving headfirst into what makes each city its own.
