Ordnance Survey : LR026 Inverness and Loch Ness, Strathglass (Landranger Maps) (OS Landranger Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised LR026 Inverness and

Loch Ness, Strathglass (Landranger Maps) (OS Landranger Map):

1 of 1 people found the following review helpful. The Entrance to the Great Glen...By HMS Warspite Ordnance Survey Landranger Map #26 covers that area of Scotland from Inverness west and south around Loch Ness and the northern portion of the Great Glen. Ordnance Survey Landranger series maps offer 1:50,000 scale detail sufficient to navigate by road or on foot or bicycle. The multi-colored presentation provides physical terrain features, elevation, and man-made structures in some detail. This particular map includes the city of Inverness, the Beaully Firth, the lovely town of Beaully, the western portion of the Black Isle, the northeast half of Loch Ness and the surrounding Great Glen, and the Strathglass valley. This map also covers Glen Urquhart and the beautiful ruins of Urquhart Castle on Loch Ness itself. Nearby is the visitor center featuring the famous (or infamous) Loch Ness Monster. This Ordnance Survey map and others like are very highly recommended to those planning to do their own navigation across the Highlands of Scotland, where roads are few and the terrain tends to be rugged.

Perfect for day trips and short breaks, the OS Landranger Map series covers Great Britain with 204 detailed maps. Each map provides all the information you need to get to know your local area and includes places of interest, tourist information, picnic areas and camp sites, plus Rights of Way information for England and Wales.
