Wish they did one for where I live.0 of 0 people found the following review helpful. Dont bother with itBy andreadrifffieldI was very disappointed by this guide it was just a few pieces of cardbord tiney script no maps or instructions of how to get anywhere .3 of 4 people found the following review helpful. Perfect for its target audienceBy PeripateticFocused, concise and compact, these guides are excellent if you're spending only a few days in town for business or quick holiday. Have used the Shanghai, Beijing, and Sydney guides, all had current/accurate info. This was the first European Luxe Guide I'd used, but they've managed to maintain their high standards across continents. The writing can be quite funny, and the pamphlet-format fits in a suit-jacket pocket. Probably the best indicator of its value: Colleagues in Milan found it so useful, I gave them my copy. Highly recommended.

Welcome to the heart of Italian wealth and style, where the removal of sunglasses is a surgical procedure and popping to the shops without stillies is simply illegal. As usual our LUXE staff editors flew to the city to join our resident editor and contributors to walk the walk and talk the talk, studiously avoiding the swarms of ubiquitous luxury labels to bring you the cutting edge of fab. Go on, put your fash foot forward!LUXE Milan. Swank and frank.
