2 of 2 people found the following review helpful. Really, don't botherBy Linda FeldmanI purchased this guide hoping

for some up-to-date and useful information for a visit to Luxembourg. What a waste! Current, yes, highlights maybe. There is very little useful information here. Focus, if there is one, is for the very budget traveler only. Total of 48 pages in about 16-point type. No maps. A mishmash of very short listings of sights, places to stay, places to eat not organized at all by locales in the country. Five total restaurants for instance. Really, don't bother. 0 of 0 people found the following review helpful. Five Stars By Phillip L. Sharpley Just what I was looking for.

The small European nation of Luxembourg is home to many leading European Union (EU) agencies and institutions. The European Investment Bank, European Court of Justice, General Court and the Court of Auditors are located here as are some of the departments of the European Commission. Luxembourg is one of the three Benelux states along with Belgium and the Netherlands and is a member of the United Nations.
