Susan Heddle : Lyon - Where the metal flower tree grows before purchasing it in order to gage whether or not it would be worth my time, and all praised Lyon - Where the metal flower tree grows:

0 of 0 people found the following review helpful. This is more of a personal diary of her time ...By ChrisCeThis is more of a personal diary of her time in Lyon. I expected more in depth information of the area and what was seen. Next time I would preview the book. I'm sure her family would be more interested in her experience. I was looking for more history and sites to see as I will be spending time in this city.

An informative but lighthearted guide to make your visit to the beautiful city of Lyon one to remember and enjoy.
