Indispensible little guideBy gorey girlI love Insideout City Guides. You don't feel like a touristy jerk walking around with a thick handbook and unwieldy maps. Hotels, restaurants, cultural sights, opening and closing info, emergency and currency info - it's all there in this little jewel. My only complaint is that the perforations in the maps begin to rip pretty easily if you use it for several days. But I just tape 'em back together. Compass is cute too, and I like the sleek design.

The Madrid Insideout City Guide includes a 64 page Insiders Guide, compass, and maps to help you travel intelligently around this unique Spanish city. A classic Madrid itinerary is provided that suggests how to best enjoy the city. 27 must-see places, like the Palacio de Santa Cruz and the Puerta de Sol, are described with historical insights and an alphanumeric index corresponding to one of the helpful maps. 28 places to shop are identified and organized by categories such as bookstores, markets, antiques, and crafts. After each category, the guide lists the stores' specialties. There are 37 entertainment venues covering themes from Flamenco and festivals to dance clubs and sporting arenas. Each venue is described in detail, what it has to offer, and where it is located. The 68 restaurants included serve food from all the Spanish regions. In addition, a price guide to rate the restaurants from inexpensive to high priced is provided. Last but not least is a listing of all the practical information regarding Madrid, including a directory that has everything you need to know to get the best out of this amazing city.
