Shane Whittle : Malaga Travel Guide (Quick Trips Series): Sights, Culture, Food, Shopping Fun before purchasing it in order to gage whether or not it would be worth my time, and all praised Malaga Travel Guide (Quick Trips Series): Sights, Culture, Food, Shopping Fun:

1 of 1 people found the following review helpful. Waste of moneyBy LARA1407I could have put together a better book in a few hours than this using wikipedia and tripadvisor. It is hardly more than a brochure, double spaced in large

type and not very many pages. There's not a single map -- how can you have a travel book for a city without a map? -- and no photos. It's clearly only intended for budget travelers (who shouldn't waste their money on this), because those are the only hotels in the short list. Trust me, you can find out a lot more in a short period of time on your computer.
