**Reise Knowhow : Mallorca East 1:40,000 Hiking Map, waterproof, GPS-compatible REISE by Reise Knowhow (2010-05-03)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mallorca East 1:40,000 Hiking Map, waterproof, GPS-compatible REISE by Reise Knowhow (2010-05-03):

0 of 0 people found the following review helpful. A good detailed map By james w. Detail good, with biking and walking trails shown. I doubt if its quite as long lasting as the makers claim but good for the period of a holiday

Mallorca East 1:40,000 Hiking Map, waterproof, GPS-compatible REISE This is one of four GPS-compatible sectional (East, West, North, South) maps of Mallorca at 1:40,000 from Reise Know-How, printed on light, waterproof and tear-resistant plastic paper, with very clear presentation of the road network, plus selected hiking and cycling routes. The map has been updated in 2010 and shows the new road numbering system used on the island. The map is double-sided to provide the best balance between an excellent scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in), indexed, and has both a UTM and latitude / longitude (interval 2') grid. Map legend is in English and German. The map has contours at 100m intervals, enhanced by altitude colouring, with plenty of names of mountain ranges, peaks, etc. Road network includes local roads and cart tracks; driving distances are shown on main and selected secondary routes. A wide range of symbols highlight various places of interest, including campsites and mountain shelters,

archaeological and historical sites, viewpoints, beaches and surfing / diving sites, botanical gardens, etc. For hikers, the map shows hiking trails indicating easy, moderate or difficult routes. Also highlighted are recommended cycling routes, and indicated are roads closed to cyclists.
