Albert Herranz : Mallorca: L'Ile Aux Mille Visages FRENCH EDITION before purchasing it in order to gage whether or not it would be worth my time, and all praised Mallorca: L'Ile Aux Mille Visages FRENCH EDITION:

Majorca - The island of a thousand faces. Sparkling coves and unspoilt beaches. Walking routes. The megalithic culture of the talayots. Natural parks in S'Albufera, Sa Dragonera or Cabrera. La Seu and the castle of Bellver. The studio of Joan Miró. A complete tour around the mosaic of beauty, colour and contrasts of the island. It includes small maps of areas.
