I have more than 15 of them as they are my favorite guides. Unfortunately this one is extremely summarized and does not do justice to the Balearic Islands, everything is telegraphic, with very little detail, as if it was assembled in a hurry. And I can tell you because I was born in Mallorca, have my family there and visit twice a year.1 of 1 people found the following review helpful. It did not do a good job other than the biggest townBy porch swingerThere were only a very few pages on Ibiza. It did not do a good job other than the biggest town. We were on the other side of the island so this book did us no good. No activities listed or rated. Not a help in any way shap or form unless you are in the main town.0 of 0 people found the following review helpful. Great travel guidebook!By Portland ChrisI love all the DK Eyewitness Travel books.
