Clare Hartwell : Manchester: Pevsner City Guide (Pevsner Architectural Guides: City Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Manchester: Pevsner City Guide (Pevsner Architectural Guides: City Guides):

This guide examines the full range and variety of Manchester's buildings old and new, from the medieval buildings of the cathedral and Cheetham's School to the architecture of the city's Victorian heyday, for example. Also included is Trafford's Imperial War Museum in the North.

"The new book... is a masterpiece of organisation, and a great full colour package at an affordable price." City Life
