**ITMB Publishing Ltd. : Map Pack - Belarus Ukraine** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Map Pack - Belarus Ukraine:

Belarus Travel Reference Map 1:600,000 scale 1st Edition. The former Byelorussia is slowly catching on to tourism, but this country is still a travel adventure destination. The road and rail networks are shown, and the main touristic sites; inset map of Minsk. Ukraine Travel Reference Map 1:1,00,000 scale, 1st Edition, double-sided. The former Soviet region is still struggling to determine its future direction. Its infrastructure is still weak, so this is a travel adventure destination. However, it is a very interesting part of the world and well worth a visit. This is a very detailed map of the country, showing its road and rail connections, and has inset maps of Odesa, Kyiv, Dnipropetrovs'k, Donetsk, and Karkiv. Crimea, Ukraine, Travel Reference Map 1:320,000 scale, 1st Edition. The now-Ukrainian peninsula on the Black Sea is very popular with visitors now that it is out of the Soviet era. This map expands upon ITMB's map of the Ukraine and shows the region in better detail for exploration.
