**ITMB Publishing Ltd. : Map Pack - Poland Cities** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Map Pack - Poland Cities:

ITMB is pleased to announce the release of our most recent map pack bundling, this time of the Poland Cities. This Map Pack has a value of \$22 if purchased separately, and a packaged price of \$16.95 if purchased in this bundle. The maps are all current editions, conveniently grouped together in a transparent plastic bag with a new cover, showing the covers of the two maps. Warsaw (Poland) ITM City Map 1:10,000 scale 1st Edition. The capital of Poland is emerging quickly from the Soviet occupation era as an exciting and vibrant city. This map covers the area between the railway station and the river, but concentrates on the historic 'old town', the citadel, and the university. All of the museums are included, as well as a selection of hotels, churches, theatres, cinemas, and even a few gas stations. This is an excellent city plan. Krakow (Poland) ITM City Map, 1st Ed. 2008, 1:8,000 scale One of the leading icons of tradition-laden Europe is the medieval cloth centre of Krakow (formerly called Cracow). The city centre of the city is so full of pristine old buildings that the entire centre is a heritage area. The Cloth Hall in the market square is one of the greatest repositories of tapestries in Europe. St. Mary's Cathedral is breath-taking and, when full to the entranceway with worshipers. Our map of Krakow, concentrates on the central portion of the city, with a large inset of the central pedestrian area and with a regional inset map showing roads to Auschwitz (now called Oswiecim) and to Katowice. Krakow is also home to the famous 700-year old salt mine complex, Wieliczka, where IMTA held its famous conference banquet one unforgettable evening.
