Dont bother, not friendly or very usefulBy Mitch L.I just returned fm Barcelona and brought 5 guidebooks (Fodors See It Barcelona, Frommers 24 Great Walks in Barcelona, Frommers Barcelona day by day, and Time Out Barcelona, and MapEasy Barcelona) because none of them really filled the one-stop-shop I was looking for.I had high hopes for this product. It was supposed to do one thing really well, which was to tell me what was in each area I was already going to be in. But I also wanted it to be my single go-to map. Fail.Sure its a little bohemian in its hand-drawn fashion, and has pretty pictures of the sights, but the writing was very difficult to read and it was impossible to tell where the metro stops were on the map. Also, highlighters didnt work well, so markups were near impossible.It oddly had no information on Barcelonetta (waterfront), which I found surprising.The bottom line is that I found the maps in the other guidebooks and the freebie the hotel gives out much more useful. Save your money.My recommendation is that if you have only 3 or fewer days in BCN, get Frommers Barcelona Day by Day. If more, then also get the Frommers 24 walks, which we used quite a bit, but only as a supplement.Here is my summary reviewsFrommers Barcelona day by day - 4*See It Barcelona - 3*Frommers 24 great walks in Barcelona - 5*Time Out Barcelona - 2*EasyMap Barcelona - 1*0 of 0 people found the following review helpful. So many sights missing!By CustomerI purchased this map after studying abroad in London as a souvenir of all the things I saw. I'm so disappointed! So many of the major sights like London Eye, Tower Bridge, Tower of London, St. Peter's, and more are all missing! What happened? London is a big city but those should be the TOP things you should include in a map.

Will probably return.0 of 0 people found the following review helpful. Love MapEasyBy Nora Elaine HoganExcately what I wanted I do not travel without my MapEasy when available. Map Easy, phones are nice but those shows you a lot in flash and you quickly understand the relationship of everything.Its a great planning guide so you can easily see the relationship of resturants to the sites and it helps plan the days

This MapEasy guidemap of Barcelona, Spain includes detailed maps for Montjuic, and the Esquerra de l'Eixample, as well as a map of greater Barcelona, and of the Costa Brava.
