It was a total waste of money By J Cashman I purchased this map to plan my days in London, thinking I could figure out what to see in close proximity each day. This map is ridiculous. Only a small portion of the city is even included on the map! The area that is on the map is enlarged so much that you can't tell what is within walking distance. It was a total waste of money. The only usable thing is the subway map, which you can get online for free. 1 of 1 people found the following review helpful. Two Stars By Kindle Customer Large map, but doesn't cover all the "touristy" areas of city center London. First disappointing MapEasy we've ever purchased. 0 of 0 people found the following review helpful. MapEasy guides are perfect By Quilt lady Used this and the England Map easy guidemap for our trip.
